Dear David,

I just wanted to say thanks for your wonderful contribution to our recent conference on "The Aging of Massachusetts," sponsored by Governor Romney. Your passionate keynote presentation on the enormous implications of the aging workforce was a great learning experience.

The stories and insights you shared had a tremendous impact on the Governor's staff. And it was an excellent way to jump-start our search for new ideas that can help organizations prosper in an era of retiring Baby Boomers. The enthusiasm and credibility you brought in outlining solutions to the coming "brain drain" has helped energize us to meet these challenging issues. Thank you for making this conference a great success!

Sincerely,

Ranch C. Kimball
